10.1. **Severability.** If a court of competent jurisdiction holds any provision of this Agreement to be illegal, unenforceable or invalid in whole or in part for any reason, such provision shall be adjusted rather than voided, if possible to achieve the intent of the parties to the extent possible, and in any event the validity and enforceability of the remaining sections shall not be affected unless an essential purpose of this Agreement would be defeated by the loss of the illegal, unenforceable, or invalid provision.

10.2. **Force Majeure.** In the event that either party shall be prevented from performing its obligations under this Agreement by circumstances beyond its reasonable control, including, by way of example and not limitation, labor difficulties, fire, explosion, acts of God, war or other hostilities, terrorism, civil commotion, domestic or foreign governmental acts, orders or regulations and inability or difficulty in obtaining supplies or personnel, interruption of electricity, communication or transportation, the obligation of a party hereunder during the period of such condition shall be suspended and without liability to either party, provided that (a) the party so prevented from performing shall have provided prompt notice thereof to the other party hereto, and (b) if such condition continues for 30 days or more, the other party may immediately terminate this Agreement.

10.3. **Independent Contractor Relationship.** The relationship of MAGICFLEX and Licensee is at all times that of an independent contractor and not that of any employee, partner, agent or joint venturer with MAGICFLEX. Neither party hereto will have any right or authority to assume, create, or incur any liability or any obligation of any kind, express or implied, against or in the name of or on behalf of the other party.

10.4. **Third Party Beneficiaries.** There are no third-party beneficiaries to this Agreement.

10.5. **Governing Law/Injunctive Relief.** This EULA shall, for all purposes, be construed, governed by and enforced solely and exclusively in accordance with the laws of the State of Israel, without giving effect to its conflict of law provisions or Licensee's actual state of residence. Licensee hereby agrees that the courts located in Tel Aviv, Israel, will constitute the sole and exclusive forum for the resolution of any and all disputes arising out of or in connection with this Agreement and Licensee hereby irrevocably consents to the personal jurisdiction and venue of such courts and irrevocably waive any objections thereto. Licensee hereby irrevocably consents to service of process for all actions in such courts. Any judgments obtained by such courts may be entered and enforced against Licensee in any jurisdiction where Licensee's assets are located. Notwithstanding anything in this EULA, MAGICFLEX may seek injunctive relief to enforce its rights under this EULA in any court of competent jurisdiction.

10.6. **Assignors/Assignment.** This EULA shall bind Licensee and its successors and assigns but shall not be assignable, sublicensable or delegable by Licensee except with MAGICFLEX's prior written consent. Any such purported assignment, sublicense or delegation without such consent shall be void. This EULA shall bind and benefit MAGICFLEX and its successors and assigns.

10.7. **Amendment.** MAGICFLEX only may amend, modify or update this EULA at any time. MAGICFLEX may provide you notice, by means of a pop-up window, email communication or other means of communication upon such amendment, modification or update to this EULA. The most current version of this EULA will be posted and can be reviewed at any time at www.MAGICFLEX.com and any amendment, modification or update of this EULA will be deemed effective when posted there, whether or not we provide Licensee with any other form of notice of the amendment, modification or update. If Licensee does not wish to be bound by any amendment, modification or update, Licensee must immediately contact us at support@MAGICFLEX.com to cancel this EULA.

10.8. **Waiver.** No waiver of any rights under this EULA will be effective unless in writing signed by both parties, and such waiver is only effective for the specific instance referenced in such writing.
10.9. **Conflicting Provisions.** This EULA shall prevail and control over any conflicting provisions of the Order or other communication submitted by Licensee for the Software, and MAGICFLEX hereby objects to any additional terms in any such Order or communication.

10.10. **Non-Solicitation.** Except with the written consent of MAGICFLEX, Licensee will not, during the Term of this EULA and for a period of 12-months thereafter, directly or indirectly, solicit, employ, or otherwise engage as an employee, independent contractor, or otherwise, any person who is or was an employee, independent contractor or other similar agent of MAGICFLEX at any time during the term of this EULA or in any manner induce or attempt to induce any employee, independent contractor or other similar agent of MAGICFLEX to terminate his, her or its relationship with MAGICFLEX or interfere with MAGICFLEX's relationship with any person, including any person who at any time during the term of this EULA was an employee, contractor, supplier or Licensee of MAGICFLEX.

10.11. **Entire Agreement.** This EULA constitutes the entire agreement between Licensee and MAGICFLEX and supersedes any prior or contemporaneous written or oral agreement concerning the subject matter hereof.

11. **U.S. Government Restricted Rights Legend.** The Software is a "commercial item" as that term is defined at 48 C.F.R. 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in 48 C.F.R. 12.212. 12. **Export.** You agree that neither the Software nor any direct product thereof is being or will be shipped, transferred or re-exported, directly or indirectly, into any country prohibited by the United States Export Administration Act and the regulations thereunder or will be used for any purposes prohibited by such Act.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.
"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue
tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. **Grant of Copyright License.** Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. **Grant of Patent License.** Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. **Redistribution.** You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:
   a. You must give any other recipients of the Work or Derivative Works a copy of this License; and
   b. You must cause any modified files to carry prominent notices stating that You changed the files; and
   c. You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
   d. If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. **Submission of Contributions.** Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.
